TRICYCLE VASCO

Tough design with centre motor

A unique combination of design and stability!

Are you looking for a modern bicycle that provides you with extra safety and stability? That is one of the leading bicycles in terms of design? Meet the Vasco! With the electric tricycle Vasco, you can endlessly cycle comfortably due to its high-tech characteristics. The centre motor ensures a gradual drive of the bicycle and an even more stable road holding. The Vasco can be adjusted entirely to your wishes. Various accessories are available with which you can make the bike even more personal and beautiful.

We look at individual cyclists and their needs and want to match them as well as possible. This way, we continuously innovate and optimize our bikes, so that your bike is equipped with the best materials and optimum comfort.

For example, the Vasco standard comes with, among other things, tough Big Ben anti-puncture tires, a sporty chain guard and an illuminated display. The lightning control can be served by the display on the steering wheel. The Vasco has a range of 50 kilometres and provides support up to and including 25 kilometres per hour.

- ✔ Standard equipped with a centre motor that gives you a smooth drive for the entire bicycle. This ensures even more stable handling.
- ✔ Tough Dutch Design with aluminium frame.
- ✔ The Big Ben tires provide extra driving comfort.
- ✔ Equipped with hydraulic brakes at the rear, which requires little power to brake.
- ✔ 10-year warranty on the frame and the front fork.*

* Register your Huka bike once via www.huka.nl/en/warranty and get a 10 year warranty on the frame and front fork. Standard you get a 5 year warranty on these parts and 2 years on other components (with the exception of wear sensitive parts).

Electrical support

The Vasco is equipped with a powerful silent mid-engine as standard. With this mid-engine, pedaling becomes lighter and cycling is less tiring. The Vasco has a display with 5 support positions. The electric tricycle is equipped with 8 gears.

Hydraulic braking

The Vasco also has hydraulic brakes, with which you are able to

brake smoother and more powerful.

Accessories & options

The Vasco can be equipped with various accessories and options. Think of another saddle, walking stick holder or pedals. View the options via our website or inquire via your supplier.

Special adjustments

Do you have wishes or need for extra support or specific

adjustments? Special needs are a challenge for us!

Colors

The Vasco tricycle is supplied as standard in two versions, namely:

- Matt black (RAL9005)
- Satin gloss white (RAL9016)

Do you want to make your bike even more personal? Other RAL colors are available on request.
