DUO-BIKE ORTHROS

The social bike

Comfortably & independently together on the road

Independent, stable & safe on the road on a bicycle? Do you like to go out together, but you can't shake the fear of losing control of the bike? Then choose Orthros. This duo-bike makes it possible to be mobile and enjoy cycling, unlimited. On the Orthros, the guide and passenger are seated right next to each other. A nice chat is like that so much easier! Depending on your wishes, the Orthros will be tailored to your personal circumstances.

We look at individual riders and their needs and want to create a better world for them. We are innovating and optimizing our bikes continuously, so that your bike is equipped with the best materials and ensures you optimal comfort. It's super easy to get on the Orthros and the duo bike ensures a stable ride because of its ingenious design. You can also safely remain seated when the bike stops.

This duo bike is standard equipped with a parking brake, easy to use hand brakes, hydraulic disc brakes, 8 speed freewheel, tough Big Ben anti-puncture tires and a safety lock (AXA solid).

- ✔ Standard equipped with a rotatable co-driver's seat.
- ✔ It's possible to let the passenger pedal actively, passively or not at all.
- ✔ Eye contact & a pleasant chat is easy.
- ✔ The handlebars are adjustable in height and angle to create an optimal cycling position.
- ✔ 10-year warranty on the frame and the front.*

* Register your Huka bike once via www.huka.nl/en/warranty and get a 10 year warranty on the frame and front fork. Standard you get a 5 year warranty on these parts and 2 years on other components (with the exception of wear sensitive parts).

Electrical support

The Orthros is available with a (PAS-vario) auxiliary engine, which makes it easier to pedal and therefore it's less tiring. This silent pedal assistance is standard delivered with a drive help, three travel speed settings and one neat display.

Support & custom made

In addition to the extra supports that we can offer, as a stable footboard, armrest set etc., we deliver customization.

Therefore we are able to make specific adjustments to your bike. Your special needs are a challenge for us!

Accessories & options

The Orthros can be expanded with various accessories and options. Do you prefer another steering wheel or pedals or do you want that the passenger doesn't have to pedal at all? No problem, we will take care of your wishes!

Check out the possibilities via our website or via your dealer

Colors

The Orthros duo-bike will be standard delivered in the following colors:

- black matt (RAL9005)
- white silky gloss (RAL9016)

You want to design your Orthros even more personal? Don't worry, we got you! We can make the Orthros in any desired RAL color for you!
